Contract Summary

This is a Statewide Contract for Parts Inventory Management. Contract Users establish a parts store that is managed by NAPA Integrated Business Solutions (IBS). Typically this is an on-site store, located within your facility; however, in some cases, an off-site store can be established. NAPA IBS is a service for fleet customers where the customer has a need to more effectively manage the parts, supplies and materials it takes to manage their fleet. Using NAPA IBS's Total Automotive Management System (TAMS) software solution, they monitor, manage and track the stock of auto parts and supplies that are customized based on your fleet's needs, allowing for minimum downtime when vehicle service is required. NAPA IBS owns and manages the inventory so you only pay for the parts you use, when you use them.

Benefits and Cost Savings

Statewide contracts are an easy way to obtain benefits for your organization by leveraging the Commonwealth's buying power, solicitation process, contracting expertise, vendor management and oversight, and the availability of environmentally preferable products.

In addition, this contract offers the following benefits:

- **Competitive Pricing:** Contract Users are offered acquisition cost pricing, plus a factor to ensure gross margin for NAPA IBS, rather than a contract discount based off of list pricing.
- **Inventory Reduction:** NAPA IBS offers their parts on a consignment model whereby users only pay for the parts they use while having the luxury of having a full breadth of parts on site, eliminating the risk of overstock and waste.
- **Staffing:** NAPA IBS provides the staff to run the parts operation during the hours the customer needs. This staff has expert knowledge and is 100% dedicated to their contract customer.
- **Transaction Cost Reduction:** Processing a single monthly payment for all parts and supplies used saves on time and administrative costs.
- **Integration with Existing Fleet Management Software:** NAPA IBS's Total Automotive Management System (TAMS) can be integrated with many software systems your fleet already uses, including Chevin's FleetWave® offered on [VEH99](#).
- **Shop Productivity Improvement:** NAPA IBS's on-site store handles the day-to-day productivity killers, including paperwork, defects and warranty claims. Regular reporting of on-demand fill rates and other KPIs are developed with the Contract User to ensure limited downtime and waiting for delivery of parts.

Find Bid/Contract Documents

- OSD is participating in the #061015-GPC Sourcewell Cooperative contract. Visit [Sourcewell](#) for more information.
- To find all contract-specific documents, including the Contract User Guide and RFR visit [COMMBUYS.com](#) and search for VEH108 to find the related Master Blanket Purchase Order (MBPO) information.

NOTE: Contract User Guides are updated regularly. Print copies should be compared against the current version posted on [mass.gov/osd](#).

- To link directly to the MBPO for VEH108 visit [PO-19-1080-OSD03-SRC3-15027](#)

Who Can Use This Contract

Applicable Procurement Law

Executive Branch Goods and Services: MGL c. 7, § 22; c. 30, § 51, § 52; 801 CMR 21.00;

Eligible Entities

Please reference the below and visit our [Who Can Use Statewide Contracts](#) webpage for more information.

Pricing, Quote and Purchase Options

Purchase Options

Contract Users are billed monthly for the inventory management service, plus any parts that were purchased. Payment terms are Net 45. There are no leasing/financing options.

Pricing Options

- The pricing is customized for the Contract User factoring in product mix, volume discounts, market prices and more. Eligible Purchasing Entities should contact NAPA IBS as a first step for a customized price quote.
- Eligible Purchasing Entities establish one of three Contract Pricing Models:
 1. All product costs are billed to the customer on a not-to-exceed pricing profile that builds monthly operational costs of service into the price of the parts
 2. All product costs are billed to the customer on a cost-plus basis. All monthly operational costs incurred in our services are billed separately to the customer
 3. All product costs are billed at NAPA's acquisition cost. Monthly operational costs are billed separately to the customer, as well as a Management Fee equal to 10% of the previous month's net sales.

Setting Up a COMMBUYS Account

COMMBUYS is the Commonwealth's electronic Market Center supporting online commerce between government purchasers and businesses. If you do not have one already, contact the COMMBUYS Help Desk to set up a COMMBUYS buyer account for your organization: (888)-627-8283 or COMMBUYS@state.ma.us.

When contacting a vendor on statewide contract, always reference VEH108 to receive contract pricing.

Quick Search in COMMBUYS

Log into COMMBUYS, and use the Search box on the COMMBUYS header bar to locate items described on the MBPO or within the vendor catalog line items. Select Contract/Blanket or Catalog from the drop-down menu.

NOTE: Contract User Guides are updated regularly. Print copies should be compared against the current version posted on mass.gov/osd.

Updated: July 14, 2020

Page 3 of 6

How To Purchase From The Contract in COMMBUYS

Directly purchase a non-fixed price item (\$0 line item) through COMMBUYS

Initial contact must be made with the vendor to establish an account and pricing structure. Once service commences, contract users will receive a monthly invoice that must be paid within 45 days.

Once an invoice is downloaded and reviewed the process is as follows:

1. Initiate a new requisition, making sure to select **Release Requisition** for Requisition Type.
2. Search for an item on the **Items tab** of the requisition; use VEH108 in the description field to narrow your search.
3. Select the appropriate catalog line.
4. Enter the total price.
5. Attach the vendor invoice. Enter only one invoice per release requisition.
6. Submit for approval.
7. When sent to PO, the requisition will become a Completely Received Purchase Order.

For more information, see the [How to Create a Release Requisition and Purchase Order \(Contract Purchase\)](#) job aid.

Product Trials, Pilots, and Demonstrations

NAPA IBS will demonstrate their service to prospective contract users through an in-person meeting (preferable) or through a webinar. Contact [Terry Ryan](#) at NAPA IBS for more information.

Additional Services

NAPA IBS's software solution, TAMS, can be integrated with many Fleet Management systems, including Chevin's FleetWave® offered on [VEH99](#), to facilitate proper workflow processes and comprehensive fleet management.

Instructions for MMARS Users

MMARS users must reference the MA number in the proper field in MMARS when placing orders with any contractor.

Environmentally Preferable Products (EPP)

This contract offers a host of re-refined, recycled or remanufactured items, including motor oils, auto parts and antifreeze. Contract users can work with NAPA IBS to customize the parts and supplies used to ensure they are taking full advantage of their EPP initiatives.

Contract Exclusions and Related Statewide Contracts

This contract is intended to combine the fulfillment of auto parts and supplies with NAPA IBS's inventory management solution. These services are not separable, meaning that contract users may not purchase parts and supplies without the inventory management service, nor may they purchase the inventory management service using another supplier to fulfill their part and supply needs.

NOTE: Contract User Guides are updated regularly. Print copies should be compared against the current version posted on [mass.gov/osd](#).

Page 4 of 6

Emergency Services

Many statewide contracts are required to provide products or services in cases of statewide emergencies. [ML - 801 CMR 21](#) defines emergency for procurement purposes. Visit the [Emergency Contact Information for Statewide Contracts](#) list for emergency services related to this contract.

Contract users establish their needs for emergency services during initial setup of the service and pricing structure. It is not uncommon to require a standard turnaround time for emergency situations whereby a NAPA IBS employee can be called in within a matter of hours to operate the parts store.

Shipping/Delivery/Returns

In nearly all cases the cost of parts and service is inclusive of all shipping and delivery charges. An exception can occur in the event a contract user requires a special item that is not available in one of NAPA's distribution centers and must be sourced from a vendor out of state. In those cases, NAPA IBS will furnish a freight approval form and will only ship upon approval by the contract user.

New part returns, core returns and warranty returns are tracked through NAPA IBS's TAMS system and full credit is issued upon receiving the returned item and a return request from the authorized technician.

Additional Information/FAQs

Establishing Service

Contract users must contact [Terry Ryan](#) at IBS Solutions as a first step to discuss account setup and pricing structure. 60 days from the time a contract is signed is the typical turnaround time to implement the service. NAPA IBS makes every effort to establish the parts store within an existing space of the fleet management's facility and in most cases, can make due with fairly limited space. However, in cases where adequate space is not available, Contract Users may work with NAPA IBS to establish an offsite store. In these cases, NAPA IBS facilitates the setup and ongoing operation of the offsite store and the cost of operating the selected space will be billed to the Contract User as part of their monthly operational costs.

Parts Room Setup

NAPA IBS requires a phone line and internet connection in order to operate the Parts Room. Typically both of these can be provided by the Contract User, however NAPA IBS has the ability to establish a phone line and/or internet connection if needed. In this case, the cost of service(s) will be reflected in the Contract User's monthly operational costs.

Access to Parts Room

To maintain proper controls, the designated Parts Room must be a secured area of the facility and have restricted access to NAPA IBS's employees only. Contract Users and their employees may not access the Parts Room unless accompanied by a NAPA IBS employee or other authorized representative.

NOTE: Contract User Guides are updated regularly. Print copies should be compared against the current version posted on mass.gov/osd.

Updated: July 14, 2020

Page 5 of 6

Geographical Service Area

As part of this cooperative agreement with Sourcewell, NAPA IBS's products and services are available nationwide.

Product Specifications, including Environmental Standards and Requirements

NAPA IBS manages any product customers need them to handle, including NAPA and Non-NAPA Automotive/Truck/Ground Support Equipment (GSE) parts, Original Equipment (OE) parts, office supplies, safety material, tires, bulk fluids and more.

Warranties

NAPA IBS accepts the responsibility to manage all parts warranties for customers. NAPA will work with the contract customer to assist with and manage the manufacturer warranty process. All parts supplied under this contract will be tracked and credit issued upon manufacturer approval. NAPA will issue warranty credit for immediately for any part that is determined to be defective and will then process the claim on behalf of the customer.

If the Needed Product Can Not be Found

In the rare instance where a part or supply cannot be sourced from NAPA IBS's extensive network of suppliers, contract users should contact the Strategic Sourcing Lead to notify them of the item they are attempting to find to see what next steps should be taken.

Performance and Payment Time Frames Which Exceed Contract Duration

All agreements for services entered into during the duration of this Contract and whose performance and payment time frames extend beyond the duration of this Contract shall remain in effect for performance and payment purposes (limited to the time frame and services established per each written agreement). No written agreement shall extend more than 12 months beyond the current contract term of this Statewide Contract as stated on the [first page](#) of this contract user guide. No new leases, rentals, maintenance or other agreements for services may be executed after the Contract has expired.
